

FAA Mandated Training Services for Flight Crew Members

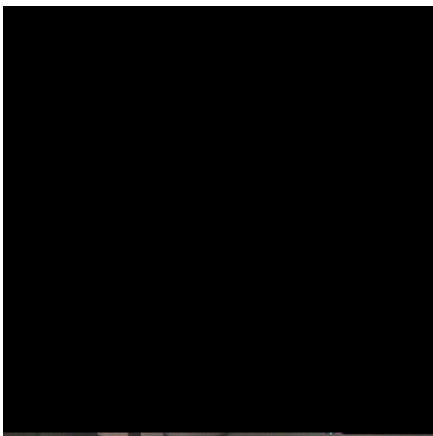

High quality training is the foundation of any successful company. Improper, or incomplete, training can have a significant and direct impact on the bottom line of your operation. Additionally, companies can face stiff fines from the FAA for improper training.

Regulatory Q&A

Q: Does your in house training meet all of the requirements of:
- FAR Part 135.293 regarding Basic Indoctrination?
- FAR Part 135.331 regarding General Emergency Training?
- FAR Part 135.333 regarding Hazardous Material Transportation?

Q: Does your Crew Resource Management(CRM) or Controlled Flight Into Terrain (CFIT) training match that given by the industry leaders?
